

INGENIX Connectivity Solutions
Medicare Eligibility Enrollment Form

CMS and Ingenix require that your NPI number be registered prior to trading eligibility (270/271) transactions with CMS. To be setup to trade these transactions with CMS through Ingenix please complete the below required information and submit the form via email. Ingenix will validate that your NPI number is registered with CMS and upon confirmation will load the NPI into our system. You will receive notification via email confirming when this is complete and you may then begin trading 270/271 transaction with CMS through Ingenix. If you have any questions please contact our Service and Support Dept. 866-367-9778.
